

Bebop

COLLECTIVE

Good Morning' MITC

WHO WE ARE

Bebop Collective is a network of experienced marketing, creative, and strategy specialists working collaboratively for the benefit of our clients.

WHAT WE BRING TO THE TABLE

Expertise In Every Discipline

Everyone in the collective is an expert in their field with years of experience. All members are verified and onboarded.

Shared Knowledge & Experience

With over 45+ people, we have expertise in manufacturing, CPG, Retail, SAAS, B2B, medical, science, and a variety of other industries.

Adapting the Agency Model

Every team is built to a client's needs, no wasteful overhead, and no bureaucratic roadblocks. We meet clients where they are at.

WHY JOIN MITC?

01

Believe in the Mission

We genuinely believe in the mission of MITC and have found they live up to their values.

02

Help Maine Businesses Grow

Only at MITC do you see the bigger picture where Maine can be a part of the larger trading networks and communities.

03

Always Felt Support

As a small business, we had to be selective in our first year. Abby Plante and the MITC team has always been supportive partners, even when we weren't members.

WHAT ARE WE HOPING TO GAIN?

01

Create Relationships

We want to build new relationships inside and outside the state.

02

Pursue Mutual Success

We want to provide our services to fellow members for the mutual benefit for both.

03

Creatively Export Maine

Maine has a unique identity with global recognition, and we want to find creative ways to get Maine brands in front of the right markets.

thank you!

Happy to chat anytime!
