

MITC NEWSLETTER APRIL 2025

Export Compliance Program Overview

April 24, 2025
9:00 - 9:45 AM
Live Webinar

If your business engages in exporting goods, software, or technology, an export compliance program is key to operating in accordance with the federal government's Export Administration Regulations (EAR). An effective export compliance program helps identify and mitigate potential risks, reducing the likelihood of costly errors and penalties. Integrating requirements from export controls into business operations can be difficult.

Join Maine International Trade Center and Nicolette Reed, Vice President of Evolutions in Business, to learn about export compliance programs and how to assemble an export compliance team for your business.

In addition, webinar attendees from SBA-eligible companies in Maine will be able to book a free 30-minute digital follow-up meeting with Nicolette to ask individual questions.

Catching Up with Former MITC Interns

Maine International Trade Center (MITC) has been very fortunate over the years to welcome over 200 amazing interns to our team, and we love following their career journeys. Around 30% of our former interns are still in Maine, and about 10% are working internationally around the globe.

Recently, we caught up with Sam Moran who interned with MITC in 2019 and is currently a Research Analyst at WEX.

Where Are They Now?
