### Interested in ExporTech Maine 2026?

We're planning our trade education offerings for 2026 and wanted to check the interest level for [ExporTech Maine](#) next year.

ExporTech is a national export assistance program that applies a structured export strategy development process to help companies enter or expand in global markets. The 10-week program is intended for forward-looking small and mid-market manufacturers. Companies that involve multiple staff such as the CEO or VP of International Sales, Marketing, or Business Development will get the most out of the process.

**Interested?** Drop us an email ([tradeassistance@mitc.com](mailto:tradeassistance@mitc.com)) to add your business to the list for 2026.

**Where Are They Now?**

We have been very fortunate to welcome amazing interns to our team and enjoy following their career journeys. Recently, we caught up with **Joshua Reny** who interned with MITC in 2005 and is currently Assistant City Manager of South Portland. Check out his profile on our “Where Are They Now?” page, along with an impressive alumni group of Future Global Leaders.
