

MITC NEWSLETTER MAY 2025

ICYMI - Webinar Recording Available

If your business engages in exporting goods, software, or technology, an export compliance program is key to operating in accordance with the federal government's Export Administration Regulations (EAR). An effective export compliance program helps identify and mitigate potential risks, reducing the likelihood of costly errors and penalties. Join Maine International Trade Center and Nicolette Reed, Vice President of Evolutions in Business, for this webinar to learn about export compliance programs and how to assemble an export compliance team for your business.

Trade Day 2025 - It's a Wrap!

Thank you to all who attended Trade Day 2025! Special thanks to [L.L.Bean](#) for providing a beautiful venue for Maine's international business community to gather and celebrate. We had a great turnout to hear from our keynote speaker Maine State Economist [Amanda Rector](#) and be inspired by the stories of this year's award winners

Catching Up with Former MITC Interns

Maine International Trade Center (MITC) has been very fortunate over the years to welcome over 200 amazing interns to our team, and we love following their career journeys. Around 30% of our former interns are still in Maine, and about 10% are working internationally around the globe.

Recently, we caught up with [Sophia Di Risi](#) who received the 2024 Future Global Leader Award and is currently a Student Recruitment Consultant at Northeastern University London.

Where Are They Now?
