

The image features the NASBITE International logo, which consists of a stylized globe with a rainbow-colored arc (yellow, red, blue) arching over it. Below the globe, the text "NASBITE" is written in a bold, sans-serif font, with "INTERNATIONAL" in a smaller font underneath. The background is a light blue and white world map with dotted lines connecting various points. In the foreground, there are silhouettes of four business professionals: two men on the left and two women on the right, all holding papers or laptops, suggesting a global business meeting or conference.

This event brings together top small- and medium-sized exporters, trade professionals, and trade assistance providers from across the United States, providing an opportunity to share best practices and lessons learned that have contributed to their export success.

A photograph of three business professionals in a warehouse setting. A man in a light blue shirt, a woman in a white blouse, and another man in a grey polo shirt are gathered around a stack of cardboard boxes. They are looking at a laptop and a smartphone placed on top of the boxes. The background shows tall warehouse shelving units filled with more boxes.

84%
of Maine exporters
have fewer than
500 employees

Our team will provide customized information, guidance, and referrals on a broad range of questions about logistics, tariffs, supply chain resilience, documentation, industry-specific compliance concerns, country-specific registration requirements, and research on new overseas markets.

With a one-time sponsorship, you receive a full package of year-round benefits. From our signature Trade Day event to our Sector Spotlight series, MITC sponsors gain unique visibility and make personal connections with a targeted community of internationally active Maine businesses, academic institutions, and organizations.

Future Global Leaders

Future Global Leaders is MITC's internship program open to college students and recent college graduates. We offer international market research internships, which provide practical experience for interns and extend MITC's capacity to assist Maine businesses. These paid, part-time internships are located in our Portland office.

We're pleased to introduce our current interns: Colin Bissonnette, University of New England, and Fatouma Mahamoud Ali, University of Southern Maine.

Meet Our Current Interns
